LETTER OF APPRECIATION

Dear Sahil Kadam,

We sincerely appreciate your valuable contribution as a **Peer Mentor to the Students of B.Tech - CSE Batch of 2025-29** organized by the **School of FutureTech, ITM Skills University**.

Your mentoring session on **"SDLC: How Not to Write Slop Code"** provided students with valuable insights into writing cleaner, more reliable, and maintainable code throughout the software development lifecycle. Your practical guidance encouraged participants to think beyond simply making code work and focus on **quality, structure, problem-solving, and good development practices**.

We sincerely appreciate your time, dedication, and initiative in sharing your knowledge and encouraging students to become more thoughtful and responsible developers. Your contribution truly reflects the spirit of **technical excellence, peer learning, continuous improvement, and student leadership**.

We look forward to your continued participation in future academic initiatives.

With sincere appreciation and best wishes for your continued success.

School of FutureTech,
ITM Skills University.

Dr. Kalpana Kumaran
Dean,
School of FutureTech

Dr. Aarti Pardeshi
Head BTech CSE,
School of FutureTech
