Professional Summary

AI systems engineer building ai intgrated workflows and scalable architecures that drive 90% process efficiency

Experience

Software Development Engineer Intern

Navi Mumbai, India

LetsUpgrade

Aug 2025 – May 2026

- Led the development of the video generation module for an **AI-integrated Learning Management System (LMS)**.
- Optimized video generation pipeline, reducing processing time from **15 minutes to 3 minutes (80% improvement)**.
- Decoupled video rendering from trigger events to resolve memory bottlenecks, shifting to an asynchronours processing architecture.
- Engineered a programmatic **video rendering pipeline** to enable dynamic educational content creation at scale.
- Mentored **junior interns** in backend job processing and system design, fostering a collaborative engineering culture.
- Implemented scalable **serverless background jobs** to handle heavy rendering tasks efficiently, optimizing system resource usage.
- Designed and implemented a scalable, reliable **full-stack architecture** that ensured seamless data flow and optimized integration between frontend and video processing components, enhancing system uptime and performance.

Project Intern

Navi Mumbai, India

LetsUpgrade

Dec 2024 – Mar 2025

- Developed **AI-driven automation tools** that accelerated data gathering and internal process speeds by **90%**, reducing operational bottlenecks and improving overall productivity.
- Collaborated with **cross-functional teams** to develop workflows that reduced manual task completion time by **6x**.

Projects

Super Battle (Hyperthon India Winner)

Oct 2025 – Oct 2025

Web3-based social networking application focused on data ownership

- Won **1st Prize (₹25,000)** at the Hyperthon India (Mumbai Edition) 2025 hackathon.
- Built a censorship-resistant platform using **Web3** technologies and **Solidity** smart contracts.
- Selected as a **National Finalist** for the exclusive second round in Bengaluru.

Intelligent Resume Builder

Jan 2025 – Jan 2025

Full-stack AI-powered resume generation platform

- Built a resume generator that scrapes GitHub/LinkedIn data using **Python** and **Next.js**.
- Utilized **Trigger.dev** for background PDF generation, reducing resume creation time by **80%**.

Self-Hosted Automation Server

Nov 2025 – Nov 2025

Production-ready Linux server infrastructure

- Configured **Apache** server with **Docker** containers and **SSL/TLS** security.
- Set up virtual hosts to manage **internal automation microservices**, ensuring isolation from the main application.

The Upside Down

Dec 2025 – Dec 2025

Educational survival game for Google GenAI Hackathon

- Designed a survival game concept integrating **Generative AI** for dynamic asset and storyline creation.

Ace by ISU

Jan 2024 – Jan 2024

AI-driven study companion and exam preparation platform

- Developed a simulated **AI interviewer** ("Dimension") for Viva-Voce exam practice using **Generative AI**.

Skills

Languages: Python, JavaScript, TypeScript, C++, Java
Frameworks: Next.js, React.js, Node.js, Express.js, Remotion, Trigger.dev, Farcaster Mini Apps
DevOps & Cloud: AWS (Lambda, S3), Docker, Apache/Nginx, Linux, CI/CD, Git
AI/ML: RAG, Vector Databases, Prompt Engineering, LangChain, OpenAI/Gemini APIs
Databases: MongoDB, MySQL, PostgreSQL

Education

ITM Skills University
in Computer Science Engineering (B.Tech)
◦ CGPA: 9.5 (Sem 1: 9.0 | Sem 2: 9.6 | Sem 3: 9.8)

Navi Mumbai, India
July 2024 – Aug 2028

Invited Talks

- Mumbai Hacks 2025 — Presented idea to **500+ attendees** at the Global Project Launch of **MIT's Nanda Project** (Top 3 Teams)
- Ideation to Prototype — Guest Speaker for **Singularity Hackathon (2026)**, delivering a session on rapid prototyping to 1st-4th year engineering students.

Honors and Awards

- **1st Prize (₹25,000)** — Hyperthon India Hackathon (Mumbai Edition 2025)
- **National Finalist** — Hyperthon India (Bengaluru Round), selected to compete among top regional winners
- **Best External Paper Award** — International ASIFA Student Research Paper Conference
- **Top 30 Teams** (out of 15,000) — Imagine Hackathon at PANIIT 2025
- **1st Place** — Elevator Pitch Competition at ITM Business School
